# The Power of Networks

Organising for improvement in complex systems

## Network mapping:

On your own, make a map of who is in your CYPIC network and who do you need in your network to make the improvements you are working on? (5 mins)

## Network Building:

Table discussion (or with 2 or 3 people around you) - **Who do you need in your CYPIC network** to make the improvements you are working on? (10 mins)

**OR**

Get up and go and find the people in the room who you need to connect with and make a connection (10 mins)
